Please Note:

Baggage rules and rates are subject to change at any time without notice.

Standard baggage size allowance by carrier is 0-50 lbs and a maximum of 62 linear inches (length + width + height). Oversize baggage charges apply for luggage that exceeds these specified dimensions.

Charges for more than two bags apply and vary by airline.

Code Share: if your flight is a code share flight, the baggage policies will be dictated by the airline operating your flight.

If you have purchased bulk fare tickets, your tickets will be issued upon full payment. Baggage fees will be determined based on the date your reservation was ticketed.

Sporting equipment such as skis or golf clubs is considered a checked bag, subject to excess baggage fees, and must meet size and weight requirements.

Some exceptions to baggage fees apply to specific customers who may be a member of a specific airline rewards program or for customers purchasing a premium or First / Business Class ticket.

Please see specific carrier baggage rules for more details.

* N/A means that there is no effective ticketing date. All customers are subject to the baggage allowances indicated in the above grid.
